

Fall Update / September, 2024

WELCOME BACK

Dear Parents and Caregivers,

The Sibylla Kiddle School Council and Fundraising Society work closely with the school administration to give feedback on the school budget and school development plan. We hear firsthand from teachers about the learning our children are doing and how that learning is built upon from grade to grade. We support the school to build a solid foundation for the school community that we want for our children.

A large part of our work is in our fundraising efforts which support many things around the school. Thus far, fundraisers have supported things such as; classroom enrichment, ukuleles, student celebrations and staff appreciation. For the 2024-25 school year, Sibylla Kiddle Fundraising Society's goal is to provide school laptop replacements, an updated sensory room and student celebrations.

To achieve this goal, we have many exciting events and fundraisers coming up for the 2024-25 school year.

With thanks, Sybilla Kiddle School Council and Fundraising Society

September 20th

VOLUNTEERS

If the school council isn't quite what you're looking for, but you'd still like to participate in our exciting activities, we're always on the lookout for volunteers. We'd love your help at our events! To get involved with the School Council, Fundraising Society, events, or volunteering, please email us at sibyllakiddlecouncil@gmail.com.
